Kelly, thank you for inviting us to your home. Below is the full estimate for the two planter boxes and the 16ft × 6ft redwood wall we walked through. Pricing is **all-inclusive** — the number you choose is the number you pay. I'll be your single point of contact from contract signing through final walkthrough.

SCOPE OF WORK

- 01

Custom Redwood Planter Boxes (×2)
Built to fit your space from premium-grade redwood. Square edges, mitered corners, sealed seams, and color-matched screws (wood-tone finish) so fasteners disappear into the grain. Set level and plumb on the existing concrete patio.
- 02

Redwood Feature Wall — 16ft × 6ft
Horizontal-slat redwood wall, matching the reference photo. Premium-grade boards, hidden framing, color-matched fasteners throughout. Tightened, plumbed, sealed at all cut lines, and inspected before sign-off.
- 03

Installation, Cleanup & Warranty
All anchoring, leveling, and structural fastening on site. End-grain sealed before installation to lock in color. Daily debris haul-off, final walkthrough with you, and a **1-year workmanship warranty** on everything we install.

MATERIALS & CRAFTSMANSHIP

Premium Redwood. Hardware You Won't See.

Every board is hand-selected for color, grain, and weather resistance. Exposed fasteners are **color-matched to the wood tone** so the finished surface reads clean and seamless. Cut edges and end grain are **sealed before installation** to slow weathering and lock in color from day one.

WHAT WE SUPPLY

The two planter boxes and the redwood feature wall, fully built and installed. Reference image shows the finished aesthetic.

INVESTMENT & TERMS

Two Material Grades. One Beautiful Result.

Same scope, same crew, same workmanship — choose the redwood grade that fits your goals. Both prices are **all-inclusive**: labor, materials, color-matched hardware, equipment, insurance, and taxes.
