Finished Look

Kelly,

Thank you for the opportunity to put this estimate together. Below is the finished look we walked through, followed by the full scope, pricing, and timeline. The price covers labor, materials, equipment, insurance, taxes, and on-site management for everything shown.

Reference — finished aesthetic. Ariel Outdoor Renovation supplies and installs the two planter boxes and the redwood deck wall (16ft × 6ft). Decorative metal screens and plants shown for context are not part of this scope.

02 · SCOPE OF WORK

What's Included

Two work packages, bundled in the price on the next page. Labor, premium redwood lumber, color-matched hardware, equipment, debris haul-off, and on-site management are all included.

#	PHASE	WORK INCLUDED
01	Custom Planter Boxes (x2)	Build and install two custom planter boxes from premium redwood. Square edges, tight joinery, sealed seams, color-matched screws (wood-tone finish) so fasteners disappear into the grain. Set level and plumb on the existing concrete.
02	Redwood Deck Wall 16ft x 6ft	Build and install a 16-foot by 6-foot redwood feature wall with horizontal slat layout matching the reference photo. Premium-grade redwood, hidden framing, color-matched fasteners. Tightened, plumbed, and inspected before sign-off.

MATERIAL STANDARDS

We use premium-grade redwood selected for color, grain, and weather resistance. All exposed fasteners are color-matched to the wood tone so the finished surface reads clean and seamless. Cut edges and end grain are sealed before installation to slow weathering and lock in color.

HOW WE RUN THE JOB

- Premium redwood, kiln-dried, hand-selected on site.
- Hidden framing where possible; color-matched screws everywhere they show.
- Sealed cut ends and seams to slow weathering.
- Daily debris haul-off; site swept at end of each day.
- Final walkthrough with you before sign-off.

LICENSED, INSURED, SPECIALIZED

- CSLB License #1129259, Class B General Building Contractor, active and in good standing.
- Specializing in outdoor renovation: paving, fencing, outdoor kitchens, hardscape, and wood features.
- General liability and workers compensation on file.
- 1-year workmanship warranty on installed work.

03 · INVESTMENT

Pricing & Terms

Two material grades are offered for the same build. Both options are all-inclusive: labor, materials, color-matched hardware, equipment, insurance, taxes, and on-site management.

OPTION A Premium Grade ★ RECOMMENDED \$7,200 all-inclusive · Clear All-Heart Redwood — top grade · Hand-selected boards, tight uniform grain · Virtually knot-free, premium color depth · Stainless color-matched fasteners · Full end-grain & cut-line sealing · Longest service life, best finish	OPTION B Standard Grade \$6,300 all-inclusive · Construction Common Redwood — quality grade · Sound, durable, weather-resistant boards · Minor sound knots permitted, natural look · Color-matched fasteners throughout · End-grain sealed at cuts · Strong value, holds up well outdoors

THANK YOU

We Look Forward to Working With You

NEXT STEPS Call Jacob at (323) 513-4865 with any questions or to move forward. We will schedule an in-person meeting to sign the formal contract, which includes the California Mechanics Lien Warning, the 3-day Right to Cancel notice, and full CSLB disclosures.	ABOUT ARIEL We hold a California CSLB Class B General Building license, but by choice we work only on outdoor projects: paving, fencing, outdoor kitchens, hardscape, and wood features. Specialization is what keeps our work tight and our timelines predictable.
